Chapter Operations

Meetings

Kansas Gamma holds weekly meetings (Monday evenings at 6:00pm) to take care of chapter business, plan initiation and service projects, etc. Officers, officer elects, our advisors, Julia Keen, Dr. Larry Erikson, and our chief advisor, Associate Dean Richard B. Hayter. Officers include:

Fall 2005:

President: Vice President:

Treasurer:

Corresponding Secretary: Recording Secretary:

Cataloger: Editor:

Webmaster:

Brad Bloomquist

Sam Bruner Jared Winn

Mark Schrempp

Lisa Meyer Nick Potenski

Cole Knudsen

Thomas Vehlewald

Spring 2006:

President: Vice President:

Treasurer: Corresponding Secretary: Recording Secretary:

Cataloger: Editor: Webmaster: Sam Bruner

Ryan White Peter Clark

Nik Martin Callie Sexton

Mark Lindgren Jeff Newlin Nick Potenski

Kansas Gamma also has officer elects, as mentioned above. An officer elect follows or shadows an officer for a semester to learn about the position and their future duties. We feel this is an excellent process, as it smoothes the officer changeover, and increases chapter continuity. Officers serve as elects for a semester and then officers for a semester. The officer elects are involved in all meetings and participate in initiation. Meeting minutes are attached to the back of this survey.

We also hold three general body meetings per semester. The general body meetings inform our members of current chapter and national activities, and promote social activity. Our primary general body meeting is the signature book signing/pizza party, where general body members meet with the elects and sign signature books. Our budget (from chapter dues and from the college) allows for pizza and soda for this meeting. Chapter voting takes place at this meeting. Additionally we hold a general body meeting/BBQ at the end of the semester to elect new officers.

Fall Information Session

Kansas Gamma holds an information session each semester for eligible elects. The meetings serve to inform the elects of the history and benefits of Tau Beta Pi and the initiation process/semester schedule. Eligible elects must attend this meeting or notify the officer board ahead of time to remain in the process. Our information session took place on September 22, 2005, with an attendance of 41.

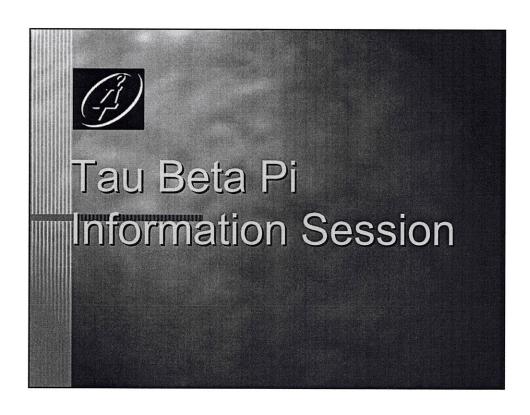

Fall Initiation

On November 22, 2005, we initiated 31 people into Tau Beta Pi. Attending the ceremony were the officers, Assistant Dean Hayter, Julia Keen, and Professor Larry Erikson. Initiates Include:

Daniel Berges Hans Brehm Jonathan Ferlas Gerald Hart Cody Jorgensen Kevin Lang Maggie Lock Daniel Mahoney James Mahoney Eric Martens Nathan McCormick Alexander McKee Meagan Miller Shaun Quigley Megan Smith Nicholas Van Sickel Elizabeth Voigt
Emily Voigt
Arlen Walker
Daniel Wilson
Mathew Brooks
Jerod Brungardt
Alan Cebula
Brandon Damas
Timothy Dunn
Jason Humphrey
Eric Lumpkin
Christopher Mick
Kevin Reynolds
Clare Seip
Daniel Wright

Spring Information Session

This serves the same purpose as the session in the fall. The meeting for the spring semester was held February 21, 2006, with 25 eligible initiates attending. The presentation powerpoint for the session appears on the following pages.

Agenda

- 1. History of Tau Beta Pi
- 2. Service Project
- 3. Financial Obligations
- 4. Membership Process
- 5. Questions

History of Tau Beta Pi

- Founded in 1885 at Lehigh University in Pennsylvania
- Recognized technical men for superior scholarship – Phi Beta Kappa was only for liberal arts and sciences
- Second chapter, Michigan Alpha at Michigan State University in 1892

History of Tau Beta Pi (cont.)

- There are now 237 collegiate chapters and more than 481,633 total initiates
- Kansas Gamma chapter Kansas State University
 - Founded January 1974
 - Formerly Sigma Tau

Financial Obligations

- □ One-time chapter fee of \$80 includes: \$43, which stays with chapter \$37, national fee.
- The \$37 national fee includes:
 - \$34 initiation fee
 - \$7.35 membership key
 - \$3.40 membership certificate
 - \$9.40 4-year subscription to THE BENT

 - \$8.85 expenses of the Society
 - \$3 Convention assessment

Financial Obligations (cont.)

- - Conducting service projects (Tree planting and KS Hill renovation)
 - 2. Running Engineering Futures
 - 3. Organizing the Engineering food drive
 - 4. Recruiting new members
- Additional funds are supplied by the College of Engineering

Membership Process

- 1. Submit an application (Due March 3rd)
 - 2. Applications reviewed
 - An invitation will be sent requesting you to become a member
 - 3. Fulfillment of initiation requirements
 - Complete service project (April 1)
 - Complete signature book and pay one-time fee of \$75 (April 7)
 - 4. Initiation requirements reviewed
 - An invitation will be sent requesting you to attend the initiation process, establishing you as a member
 - 5. Initiation (April 27) → Tau Beta Pi Member
 - Attend the Company of the Year Banquet

Spring Initiation

Initiation for the 2006 spring semester took place on April 25, 2006. Officers, Sam Bruner, Nik Martin, Betsy Voigt, Maggie Lock, Callie Sexton, Mark Lindgren, Dan Mahoney, and Nick Potenski attended, as well as advisors, Dean Richard Hayter, Julia Keen, and member Dean Richard Gallagher. One graduate student was initiated, Valeriy Kolesnikov. Undergraduates initiated are as follows:

Lisa Beck Steven Bollin Jarret Brinker Andrew Cott Christopher Dawson Allison Day Jonathan Drahein

Allison Day Jonathan Drahein Allen Egley Alexander Fox Patricia Geist Justin Gomez Yahui Jin

Valeriy Kolesnikov Lisa Mercurio Andrew Pritchard Amanda Roodhouse Derek Wassom

Kristen Wenzel

National Convention

Four members of our chapter plus one advisor, Julia Keen, attended the 100th national convention in Salt Lake City, Utah on October 7-9, 2005. Brad Bloomquist, Jared Winn, Nik Martin, and Mark Lindgren attended the convention, and came home with many positive ideas for chapter improvement. Many of those ideas were implemented this semester, and we had great success with most of them. We recommend that as many people as possible attend the convention. It is a great place to get new ideas, have fun, and network with other chapters. We had a great time and enjoyed Salt Lake City.

District Conference

The District 9 Conference was held March 3-4, 2006 in Fayetteville, Arkansas. Nick Potenski, Sam Bruner, Maggie Lock, and Nik Martin attended the conference, along with an advisor, Julia Keen. We learned some new techniques and ideas from other chapters, and thoroughly enjoyed the experience. We learned that we once again won the Food Drive trophy. Next year we will give a presentation on how we run our drive to the other chapters at the conference. It was fun networking with the other chapters in our area and experiencing part of Fayetteville.

Membership Timeline

Number of members at start of fall term:	15
Number of electees at start of fall term:	31
Number of initiates at 11/22/05 fall initiation:	31
Number of members at start of spring term:	40
Number of electees at start of spring term:	18
Number of initiates at 4/27/06 spring initiation:	17

Date(s) of P Project name: KS Hill Whitewash Project area: X Community/ University/ Profession/ X C Liberal Culture College Engineering Number of persons who participated in this project Members: (Please attach a list of names.) Average number of hours per person. Organizing: 4 Participating: 4 **DESCRIPTION:** I. General Description: Every fall, we clean and whitewash two large concrete letters (K and S) to the southeast of Manhattan. We also pick up trash and clean the area around the letters. Members of Sigma Tau initially constructed the letters, before that society merged with Tau Beta Pi. Since then, Kansas Gamma chapter has assumed the responsibility of cleaning and maintaining the letters. II. Purpose & Relationship to Objectives of TBP: This project instills a sense of pride in the electees. The entire community benefits from this event. It shows integrity to preserve a community monument. III. Organization & Administration: (in conjunction with another group? X Yes No) Manhattan Fire Department attends to assist with water. IV. Cost & Personnel Requirements: Our whitewash consists of water, white Portland cement, and hydrated lime. In a typical year, the project requires 1400 pounds of cement, 700 pounds of lime and 750 gallons of water. The county fire department provides the water, and a local lumberyard sells us the remainder of the materials at cost. V. Special Problems: Each year, the letters must be cleaned of trash and vegetation. The letters are extremely steep so people must have safety ropes attached to them when they are on the face of the letters. VI. Over-all Evaluation/Results (Be Specific): The community is very appreciative of our efforts. We receive coverage in newspapers as well as the university's yearbook. VII. Index of Exhibits: none

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated, but do not send extraneous material that would not be useful to other chapters. Project name: Tree Planting- Bioremediation Date(s) of Project: 04/01/06 Profession/ Chapter/ Education/ Project area: X Community/ University/ Liberal Culture Engineering College Social Prof. Dev. Number of persons who participated in this project Members: 6 Electees: 16 (Please attach a list of names.) Average number of hours per person. Organizing: 1 Participating: 2 DESCRIPTION: I. General Description: This project consists of planting trees as part of a bioremediation project at the old count landfill. The old landfill is located in very close proximity to the Kansas River, and though it has been closed, the last several years have revealed that contaminants are leaking out of the landfill and polluting the river. As a result, Tau Beta Pi in Conjunction with Riley County, plants nearly 5000 tress to attempt to contain those pollutants. The trees are seedlings and consist about half cottonwoods and half elms. II. Purpose & Relationship to Objectives of TBP: This project gives back to the community and nature. It teaches members important work ethics. III. Organization & Administration: (in conjunction with another group? X Yes No) In conjunction with Riley County IV. Cost & Personnel Requirements: No cost was incurred. Riley County provided the trees and equipment. Only the labor of planting the trees was required by Tau Beta Pi V. Special Problems: none VI. Over-all Evaluation/Results (Be Specific): Since the beginning of the project, nearly 30000 tress have been planted, and with the exception of one year's crop are doing extremely well. The bio remediation is working. Tau Beta Pi has received some very positive publicity for this project as well. VII. Index of Exhibits: none_____
